

## TO WHOM IT MAY CONCERN

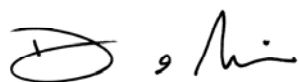

Tony Regan has worked with CART and delivered training in both Gluais and in MEEP. CART has always found Tony to be excellent in delivering his training. He is very informative and very knowledgeable and has a good technique in explaining any queries or questions that any of our participants may have had.

CART has now moved from MiDAS training to Gluais training. We find that the Gluais training is more suited to CART's needs as it is flexible and compliments the legal requirement of the driver's CPC.

We would have no hesitation in recommending Tony Regan as a trainer.

If you require any further information please do not hesitate to contact me.
